

BelKraft 300 Portable Air Filtration System

The Model 300 is ideal for bedrooms, small offices and other areas where space may be limited.

Three-Stage Filtration

Stage 1: Prefilter

Removes large dust particles.

Stage 2: HEPA filter

99.97% efficient @ 0.3 microns. Removes dust, pollen, bacteria, animal dander, attached viruses, cigarette smoke, radon daughters and more.

Stage 3: V.O.C. filter

(Volatile Organic Compounds)

Removes hazardous V.O.C.s that may offgas from things made with chemicals such as cleaners, paints, carpets, and furniture.

Up to 5 Year Filter Life

HEPA filter lasts up to 5 years and needs no maintenance.

Low Electrical Costs

It would take 13 1/3 Model 300's to use the same amount of electricity as one regular 60 Watt light bulb.

Reusable Pre-filter

Washable foam prefilter can be used over and over.

Available Options

BelKraft 300 AutoKit

Use the 300 in your car and get HEPA filtration on the road.
